## MESSAGE FROM DIRECTORS

“The purpose of education is to make good human beings with skill and expertise. Enlightened human beings can be created by teachers.” (A.P.J Abdul Kalam)

Today, the role of education is not only to pursue academic excellence but also to motivate and empower the students to be lifelong learners, critical thinkers and productive members of an ever-changing global society. This is exactly what we at Ramkrishna Wagh College are trying to do. We are striving to provide our students with an atmosphere for multifaceted development where every student is encouraged to channelize his/ her potential in the pursuit of excellence. In our curriculum, the primary focus is on the student and every child is involved actively in the learning process.

We all know that how crucial role education plays in shaping the lives of everyone. The present curriculum needs re-framing and overhauling. In the rat race we have forgotten that the end of education is to build a strong character to make a strong nation. At present education system is not fulfilling its primary aim. It has just become a mean of passing information rather than transforming human beings. Let us teach our children the three very important values- Love for God, Fear of sin and Respect for the law of society. Instead of preaching let's teach our children the 5D's concept of devotion, discrimination between right and wrong, discipline, determination and duty.

Our student-centered institution fosters active lifelong learning and promotes healthy student development academically, socially, emotionally and physically in short – an all-encompassing education. While academic excellence is a major thrust, the institution is very keen on preparing our students for life. We groom them to face the challenges of tomorrow, and encourage them to be socially conscious. We consciously endeavor to live up to this ideology and inculcate this into everything we do. We provide our students with a rich language environment that supports the development of critical and divergent thinkers able to work collaboratively with others.

Much has been done these past fourteen years but still more needs to be done in the years to come. Let's do it collectively with the self-belief and commitment.

## PREFACE

Ramkrishna Wagh College of Arts and Commerce was established in 2009 by **Dr. Maroti R. Wagh**, the founder secretary of the "Chhatrapati Shahu Maharaj Shikshan Sanstha" trust in Nagpur. The college's mission is to create a transformative environment that inspires curiosity, critical thinking, lifelong learning and shapes global contributors in an ever-evolving landscape. The college is located in the rural area at Bokhara Tah. Nagpur (Rural) Dist. Nagpur, Maharashtra, and is a self-financed unit affiliated with Rashtrasant Tukadoji Maharaj Nagpur University (RTMNU), and recognized by the Government of Maharashtra. The college has been accredited by NAAC with 'B' grade and has all legal compliances with authorities RTMNU, Local civil bodies and National information portals like AISHE and 2F. The college began in 2009 with three programs: B.A., B.B.A., and B.COM. (Computer Application) with 64 students and has since grown to accommodate more than 1200 students. Later, in 2024, B. Com. (General) and B.Sc. programs were introduced." In addition to the college, the "Chhatrapati Shahu Maharaj Shikshan Sanstha" trust runs two schools/convents, a junior college with Arts, Commerce and Science faculties and the girls' degree college. The trust also has a recognized centre for YCMOU, which is an open university study centre offering B.A., B.COM., M.A, M.COM., and M.B.A. This centre is particularly useful for dropped-out and global students in the vicinity. The college caters to the needs of students who come from economically backward backgrounds, rural and slum areas and who have no educational background.

## VISION

“We envision a transformative learning environment that inspires curiosity, critical thinking and lifelong learning that shapes global contributors in an ever-evolving landscape.”

## MISSION

- ♦ To provide an educational environment that empowers learning ability and manifests it into employability skills.
- ♦ To inculcate the spirit of Nationality, sense of culture, morals, and ethics.
- ♦ To encourage students to discover and exhibit their talent in the field of arts, sports, and social activities.
- ♦ To develop critical thinking and research aptitude among students through case studies supporting curricular and real-life experiences.
- ♦ To integrate emerging technologies into the learning environment, preparing students to navigate and leverage the latest advancements in arts, business, and computer applications.
- ♦ To provide quality higher education at an affordable fee to the aspirants of both rural and urban areas.

## OBJECTIVES

- ♦ To offer quality education to students who may not have access to urban institutions.
- ♦ To create employment opportunities and entrepreneurial mindsets.
- ♦ To promote gender equality and encourage girls' education.
- ♦ To identify and nurture potential in local students for leadership, innovation, and civic engagement.
- ♦ To reduce geographic and economic barriers to higher education.
